

TYRRELL'S

SPECIAL AGED TAWNY PORT NV

Winemaker's Notes

A blend of shiraz and grenache which has been aged for a minimum of five years in small oak barriques.

Tasting Notes

Special Aged Tawny is showing medium amber/brown colours and is in brilliant condition. The raisin like nose is given more intensity by a slight spirit lift. The palate has rich fruit and good acid, which provides a well balanced finish.

Serving Suggestion

The ageing process for the Special Aged Tawny produces a traditional sweet tawny style that is ready for immediate drinking. It can be enjoyed with rich desserts, cakes, sweet meats and soft and hard cheeses.

Alc 18.0%

THE STORY OF SPECIAL AGED TAWNY PORT

Tyrrell's reputation of fine aged fortifieds goes back to the early days of Dan Tyrrell who was regarded as having one of the best sherry palates in the country. Whilst the Hunter itself is not considered as suited to producing classic wood aged fortifieds, there were always casks of good port and muscats in the Tyrrell's cellar, purchased or swapped with top fortified winemakers from around Australia, and then blended to produce Tyrrell's own distinct style of fortified wines.
